

POSTER REQUIREMENTS

CONTENT AND DESIGN

All posters will be displayed in the Campus Center Main Event Room. Poster size should be limited to 3ft x 4ft.

As long as the poster fits within the size limitations (3ft x 4ft), you are free to design your poster in any professional way you wish. Posters should maintain a professional academic theme, be easy to read/view both in font and graphics, and should not be decorated with tissues, glitter, balloons, etc. It is best that posters be prepared in such a way that they are readable from a distance of 4 feet.

Please prepare a brief description of your poster to share orally during the poster presentation session. Be prepared to field questions and comments regarding your project, scope of work and the poster itself during the allotted time.
