

Gateway Alignments Including Emerging Philosophy

Emerging Philosophy Statement During Gateway you engage in discussion, reflection, and writing related to important topics in education. You write a one to two page statement that communicates the knowledge and new perspectives using prompts and readings to support your statements:

- a. What do you think it means to be a professional in the field of education?
- b. How can you, as a teacher, better support culturally diverse students in your classroom?
- c. What strategies might you use as a teacher to create an enriching atmosphere in your classroom?

Mentor teachers read your statement to help them decide if you'll be a good match in your placement. Please write thoughtfully and proofread your statement with that in mind.

New Jersey Student Learning Standards
