Proposal

Change in Nomenclature of the B.A. in Computer Science and Information Systems (CSIS)

Proposed new nomenclature:
B.A. in Computing

Prepared by

Proposal Coordinators
Vincent Cicirello, Professor of Computer Science and Information Systems
Stephen J. Kubricki, Associate Professor of Computer Science and Information Systems
Aakash Taneja, Professor of Computer Science and Information Systems

Planning Committee
Michael Chu, Assistant Professor of Computer Science and Information Systems
Jill Gerhardt, Associate Professor of Computer Science and Information Systems
Saralyn Mathis, Associate Professor Emeritus of Comerit }   #   M   M   e

Changes to Academic Degree and Certificate Offerings Requiring Academic Issues Committee Notification

<u>Change in Nomenclature</u>

1. A change in nomenclature involves no alteration in the degree designation (e.g., B.A. to B.S.) or in the curriculum, admission, or graduation standards. It is simply a change in the name of the major to better reflect the program's purpose and content.

2. If an institution decides to change the nomenclature of a program, that action will be formally accomplished at the college or university level.

3. Nomenclature changes must be sent to the AIC for its information

Our reliance on computing resources has made it essential to our lives, at home and at work. The Computing discipline has undoubtedly influenced advances in science, engineering, business, medicine, arts, and various other areas of our society and civilization. Since its formation in 1988, the Computer Science and Information Systems (CSIS) program at Stockton has continuously been striving to provide our students a suitable learning environment to develop their lifelong learning skills and prepare them for a challenging and rewarding professional career in the field of Computing. We currently offer a B.A in Computer Science and Information Systems.

We are proposing to change the name of B.A. in Computer Science and Information Systems to B

CSIS Elective or Cognate		4 credits
Internship / CSIS Elective or Cognate		3 credits

General Education Requirements (64 credits total):		
General Studies (32 credits):		
32 credits of General Studies credits per Stockton's current General Studies distribution		
At Some Distance (32 credits):		
Additional General Studies or other courses outside the degree program.
