I would be remiss if I did not acknowledge the collective efforts between Student Affairs and Faculty Senate Student Affairs Committee members who pulled together to devise a comprehensive survey. The creativity and energy from both committees displayed remotely have been exemplary. Finally, I want to offer my deepest gratitude to Dr. Suya Yin. Her commitment and attention to detail in the areas of attendance taking for each meeting, work on the subcommittee to fine tune the survey, updating, and oversight of google docs shared between committee members was outstanding.

Overall, there is significant work for us to do and ways to collaborate that will maximize our time, expertise, and impact. I will find a way to get the Committee moving in the right direction.
