

Degree Map: Biochemistry/Molecular Biology
3 YR Pre PharmD Concentration
Biochemistry Program- Dual Degree Health Professions
 School of Natural Sciences Stockton University
 USC 1 - 240 609-652-4546

The following is a suggested plan of study for completion of this degree program.

The goal of a Degree Map is to ensure that students graduate with more than 128 credits and in four years.

x All students should speak with their advisor about their academic programs.

x

ADDITIONAL INFORMATION

- x **FIRST (FRST)** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University's first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. Note: certain FRST courses also meet the requirements of the General Studies course distribution categories.
- x **General Studies** B.S. students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At-Some-Distance). See 2021-2022 Bulletin for more information.
- x **W1/W2-** Writing requirement. Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- x **Q1/Q2-** Quantitative Reasoning Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses should be found in General Studies or Program/cognate course depending on major.
- x **R1/R2-** Race and Racism Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- x **Minor program.** Students may select a Minor program of study in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

Include Program specific notes

- x Students must maintain a cumulative grade point average of 3.0 in all course work and a minimum of B in each of the science and mathematics courses.
- x ¹Before transferring to Rutgers, students must complete 2 GAH, 1 GEN, 1 GIS, 1 GSS, 1 GNM and fulfill all attribute requirements.
- x ¹A grade of B or higher is required in order to be accepted by Rutgers.
- x ²May be taken at Rutgers.
- x ³Upper-level courses should only be taken if all transfer requirements have been met. These courses may count toward Stockton's BCMB degree requirements.
- x A specific set of courses taken in the first year at Rutgers will transfer to Stockton to count toward the BCMB degree. Students should register for Stockton BIOL 4601 Pharmacy Sem (4 credits) each semester after

This document is not a substitute for academic advisement.
