- *This form must be completed and submitted to be considered for a second year of funding, if applicable, or for any future Compass Fund support.*

Please provide a summary of the project and your experience.

The Campus Center installed six new smart televisions in the Overlook Lounge, along with wall-mounted HDMI ports for connecting electronic devices, such as a laptop or gaming console. If students do not have HDMI cables, we also purchased ten cables for students to borrow. Each of the screens runs a slideshow when not in use, describing how to connect, as well as a QR code to provide feedback.
